

BD Project – Part 1:

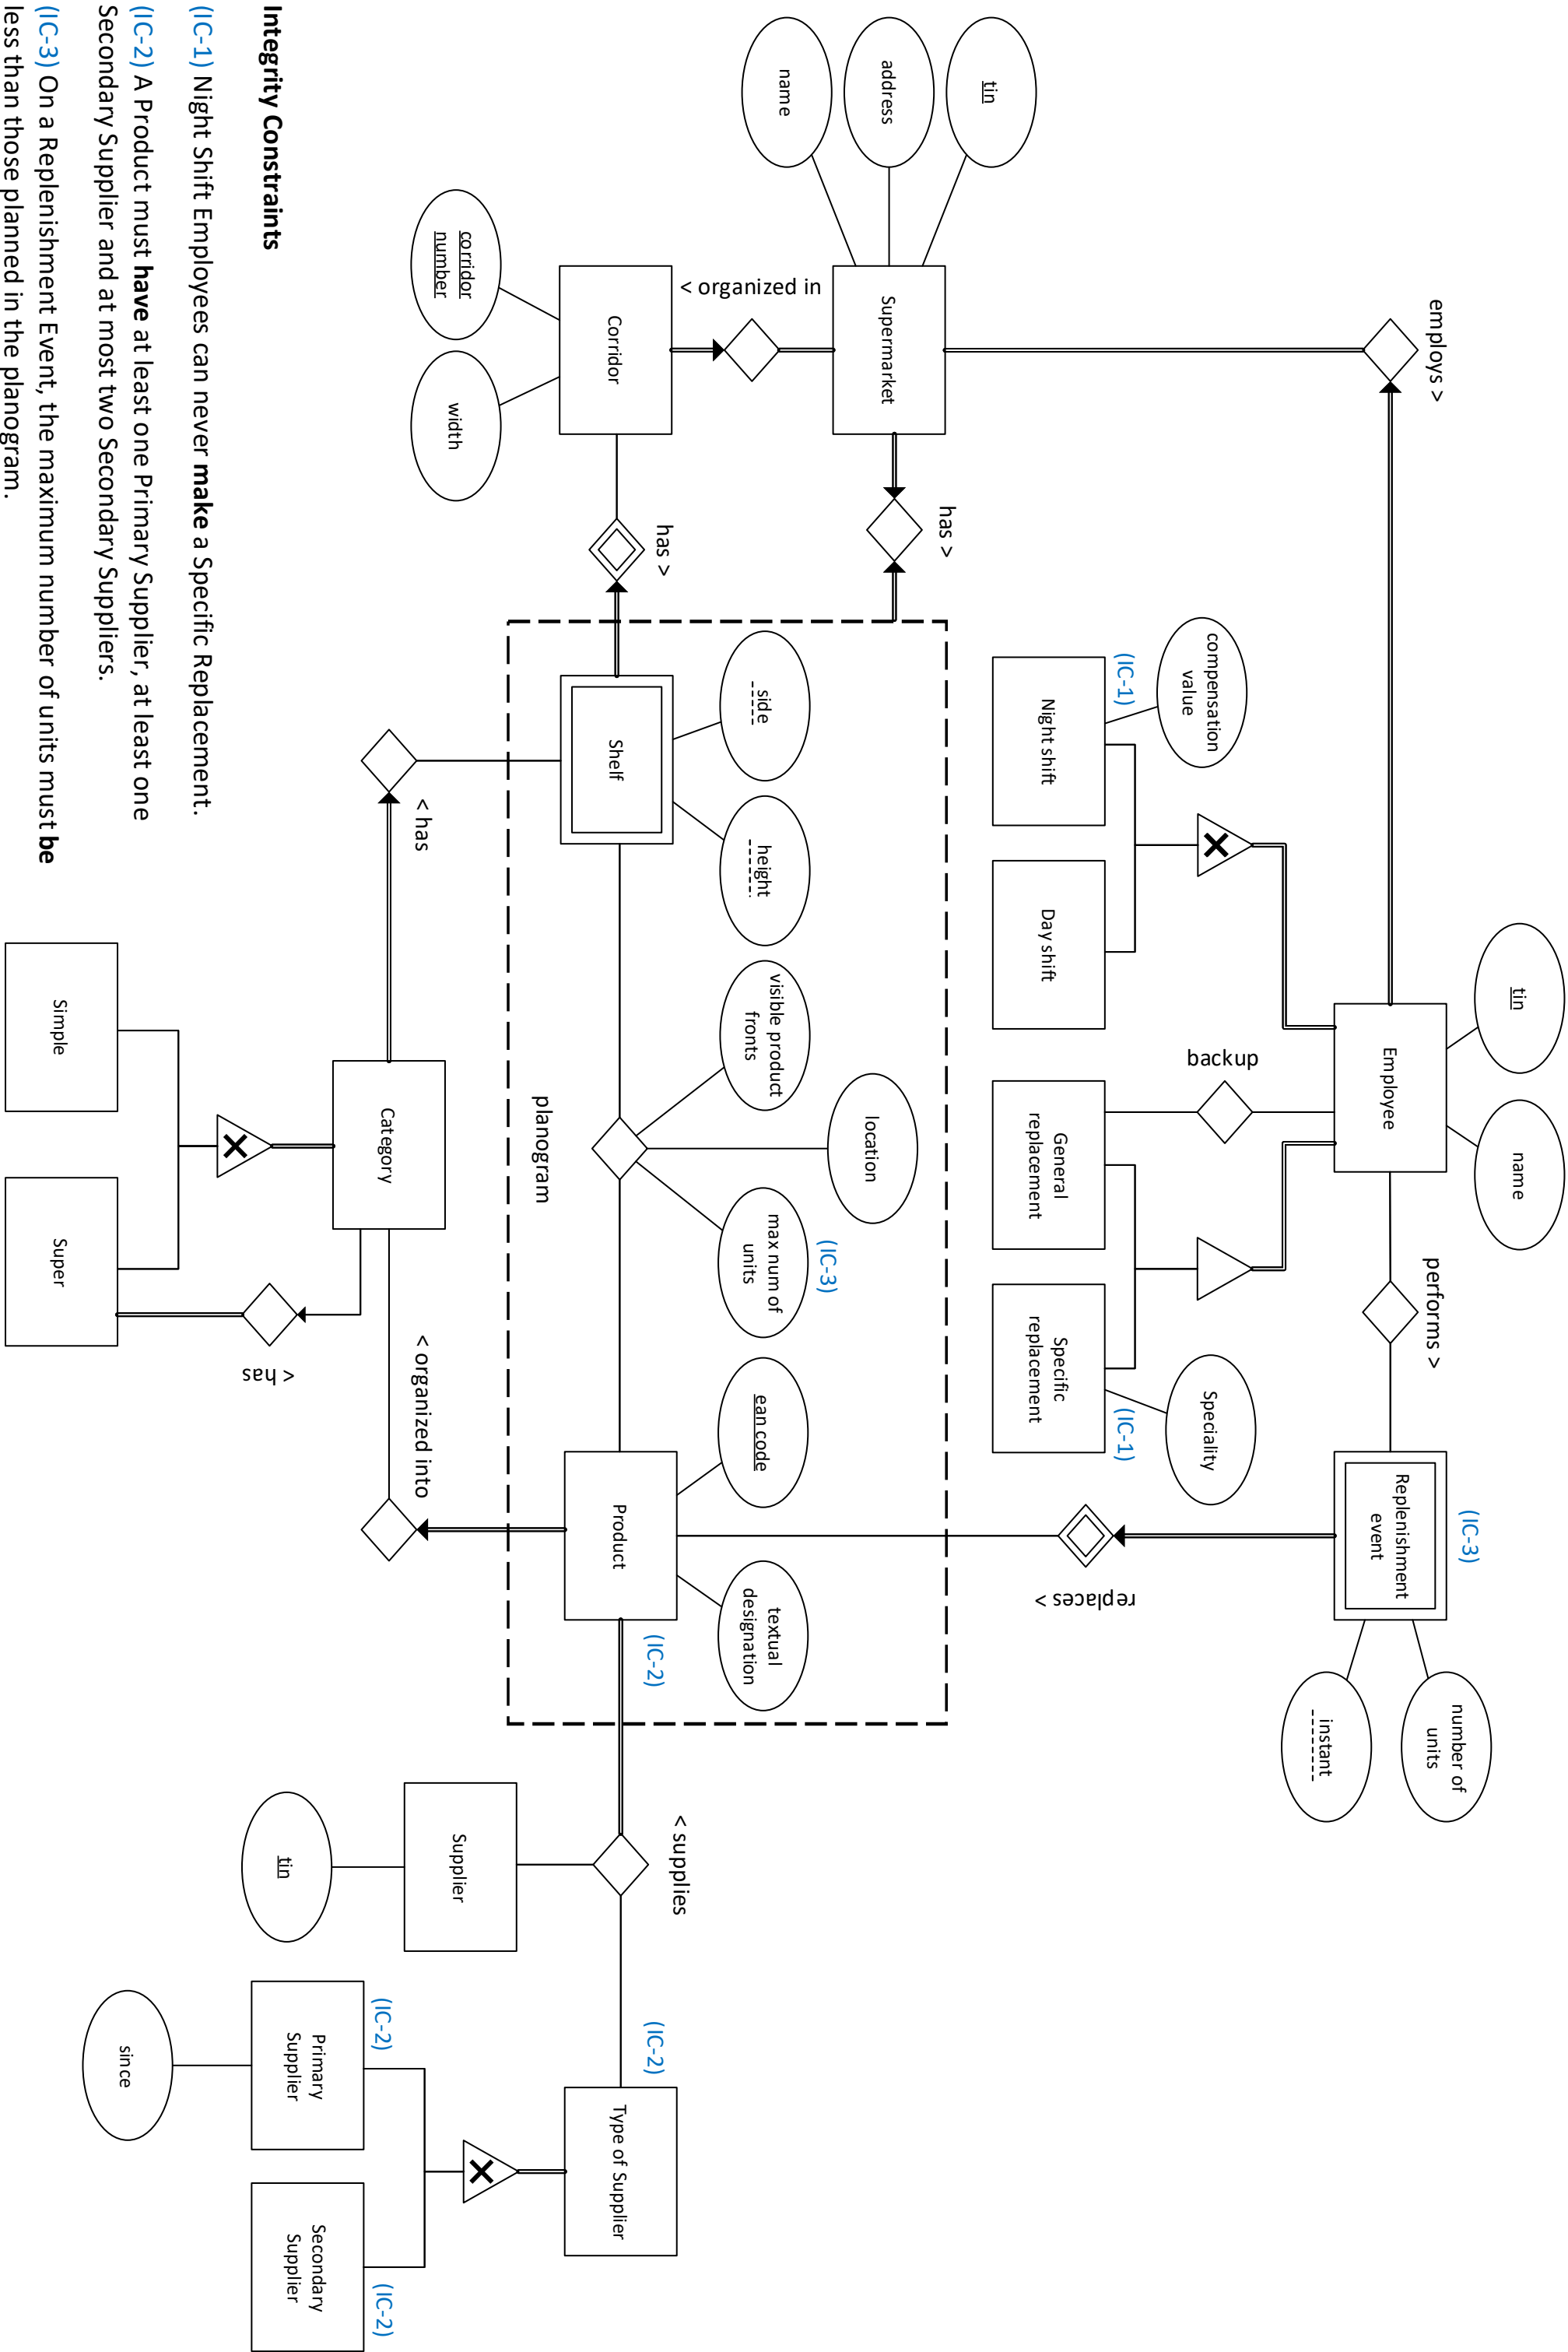

Supermarket Management E-A Model

Base de Dados 2020/2021

Prof. Paulo Carreira

Grupo 12 – 4ª feira 16h30

Número	Nome	Contribuição (%)	Esforço Total (h)
93592	João Lobato	33	7
96722	Afonso Leitão	33	7
96742	Inês Gomes	33	7

Integrity Constraints

(IC-1) Night Shift Employees can never **make** a Specific Replacement.

(IC-2) A Product must **have** at least one Primary Supplier, at least one Secondary Supplier and at most two Secondary Suppliers.

(IC-3) On a Replenishment Event, the maximum number of units must be less than those planned in the planogram.
